## **REASONS FOR DECISION:**

It is the finding of the Board that the Applicant was able to meet the requirements of Section 5-B.2. to allow the requested Accessory In-Law Suite at the subject property, subject to the conditions listed above. The Board finds that the In-Law Suite is in character with and follows the intent of the Zoning District in which it is located. Accordingly, the Board has determined that the Special Permit requested is warranted. Specifically, the Board made the following findings pursuant to Section 2.2.B.(1) of the Zoning Bylaw:

- (a) **does and shall comply with such criteria or standards as shall be set forth in the section of this Bylaw which refers to the granting of the requested special permit;**

The Board finds that, as conditioned herein, the proposed Accessory In-Law Suite complies with all of the criteria of Section 5-B.2 A & B as set forth above. Accordingly, the Board finds this condition satisfied.

- (b) **shall not have vehicular and pedestrian traffic of a type and quantity so as to adversely affect the immediate neighborhood;**

The Board finds that the addition of the Accessory In-Law Suite will not result in an adverse effect on the neighborhood relative to traffic. The approved Plan depicts the closure of an existing curb cut along High Plain Street and a new driveway extension along near the intersection with Peach Street, which the Board finds as a significant improvement on traffic safety in the immediate area. As such, this criterion is satisfied.

- (c) **shall not have a number of residents, employees, customers, or visitors, so as to adversely affect the immediate neighborhood;**

The Board finds that the proposed Accessory In-Law Suite will have no visitors or excessive traffic which would negatively impact the neighborhood, and there will be no employees or customers. Accordingly, the Board finds that there will not be any adverse effect on the neighborhood and this condition is satisfied.

- (d) **shall comply with the dimensional requirements applicable to zoning district in which the premises is located, including, without limitation, the applicable lot coverage and buffer zone requirements in Section 5-G;**

The Board finds the single-family dwelling, as modified to accommodate the In-Law Suite, conforms to the dimensional requirements of the Zoning Bylaw as shown on plans dated 7/30/2019 and 8/24/2019 dated May 16, 2019 which were presented at the public

hearing on September 4, 2019. Furthermore, no buffer zones are required in Zoning District RB. Therefore, the Board is satisfied that this condition is met.

**(e) shall not be dangerous to the immediate neighborhood of the premises through fire, explosion, emission of wastes, or other causes;**

The Board finds that the proposed In-Law Suite is residential and there are no activities or products being used or stored on the locus which would cause any danger to the immediate neighborhood of the premises through fire, explosion, emissions of waste or other causes. As a result, this condition is satisfied.

**(f) shall not create such noise, vibration, dust, heat, smoke, fumes, odor, glare or other nuisance or serious hazard so as to adversely affect the immediate neighborhood;**

The Board finds that the proposed use is residential. Nothing proposed by the applicant is being used, generated or would otherwise create such noise, vibration, dust, heat, smoke, fumes, odor, glare or other nuisance or serious hazard so as to adversely affect the immediate neighborhood. Therefore, this condition is satisfied.

**(g) shall not adversely affect the character of the immediate neighborhood; and**

The Board finds that the immediate neighborhood is residential and the proposed In-Law Suite as conditioned herein, is consistent with the area and immediate neighborhood. The plans presented at the public hearing comply with the requirements of the By-Law and maintains the appearance of a single-family house. Therefore, the Board is satisfied that this condition is met.

**(h) shall not be incompatible with the purpose of the Zoning Bylaw or the purpose of the zoning district in which the premises is located.**

The Board finds that the purpose of the Zoning Bylaw in part states, "to encourage housing for persons of all income levels..." "to encourage the most appropriate use of the land". The proposed Accessory In-Law Suite complies with the performance standards of the By-Law and as such is consistent with the intent and purpose of *Section 5-B.2. Accessory In-Law Suites* of the Bylaw. As a result, this condition is satisfied.

Additionally, the necessary Findings and Determinations noted in Section 5-B.2. B. & C. of the Zoning Bylaw have been satisfied and addressed through this Decision and the conditions.
